

*Afraid of The Dark from Intertwined
Lyrics*

Verse 1:

Hello? Can you see me?
I'm afraid of the dark
Walking and thinking:
it's what I do these days to mark
these moments, these times
to help me make sense of my life
Hello can you see me?
I'm afraid of the dark

Verse 2:

Hello? Can you hear me?
I don't know the words to use
Searching and sinking:
why do I have to choose
these moments, these times
to help me make sense of my life?
Hello can you hear me? I'm afraid of the dark

Bridge:

The dark has grown inside of me
I try to fight it away
Life is so serious
I've forgotten how to play
I want to be at peace again
I want to find a way
I need to hold out for a new day

Verse 3:

Hello? Can you feel me?
Here I am, I'm still here
Holding and waiting:
will I disappear
in these moments
these times:
help me make sense of my life
Hello can you hear me?
Hello can you see me?
Hello can you feel me here?
Don't want to be afraid of the dark
